Hi Jim,

Absolutely; the Powerpoint presentation from our brief update is posted on our website epa.gov/region09/unitedheckathorn under "Community Involvement" (5/27/14). Other new reports that may be of interest to you that were recently posted include the Tier 1 Sediment Study, the Source Identification Study, and the Tier 2 Sediment Study under "Technical Documents". Please let me know if you have any questions, or would like to discuss any of the reports.

Subject: Heckathorn report to city of richmond

Rachelle,

The City of Richmond city council agenda indicated that they were receiving a report from the EPA regarding the Heckathorn site recently. If there was a written report or power point could I have a copy please?

Jim Holland
